Morris County Heritage Commission

CHPP History Re-Grant Program

Guidelines and Application Forms

Introduction

Thank you for your interest in the Morris County Heritage Commission's (MCHC) re-grant program. The Commission is an agency of county government charged by the Freeholders to recommend and administer programs to increase the visibility and impact of Morris County's diverse history, culture, goals, and community traditions. It serves as an advisory agency to the Board of Chosen Freeholders and seeks available government funds to develop and support history, historic preservation, archival conservation, and cultural programs.

Grant funds for the re-grant program have been awarded by the New Jersey Historical Commission (NJHC), a division of the Department of State, to the Morris County Heritage Commission. The Commission administers re-grant funds provided by the NJHC through the County History Partnership Program (CHPP). This program was created in 2015 to offer re-grant funding to all of the state's 21 counties. Through the partnership with county re-granting agencies, the program enables the NJHC to more effectively reach and support both existing and emerging local history organizations and nonprofit organizations with history-related projects serving diverse audiences in communities throughout the state.

Through the CHPP, the Morris County Heritage Commission History Re-Grant Program has been designed to increase awareness and accessibility of Morris County's history by supporting local history organizations as well as other nonprofit organizations and agencies whose collections, projects or programs focus on Morris County or New Jersey history.

Re-grant funds for FY 2021 are available for Projects and General Operating Support (GOS). Nonprofit organizations whose primary focus is history or historic preservation and other nonprofit organizations and agencies in Morris County undertaking a project of historical significance may apply for Project re-grants. Only one application per organization/agency will be accepted. Eligible applicants may apply for a Project re-grant or GOS funding, but **may not** apply for both. *If multiple applications are received from the same organization, all applications from that organization will be disqualified.*

History organizations, such as historical societies, museums, and historic preservation societies are eligible to apply for either General Operating Support or a Project grant between \$1,000 and \$7,000. Fraternal, veterans', education, youth and ethnic organizations are invited to apply for Project grants for which a minimum of \$500 but no more than \$5,000 will be awarded. No cash match is required.

Please be aware that as of FY 2019 the New Jersey Historical Commission is seeking additional information from all grantees on audience participation and demographics. This is reflected in narrative questions in the application. The Heritage Commission **MUST** respond to these questions in order to continue to receive funding from the New Jersey Historical Commission to continue the CHPP/History Re-Grant Program.

Goals of the NJ Historical Commission CHPP Grant Program

The goal of the grant program is to engage diverse audiences and practitioners in the active exploration, enjoyment, interpretation, understanding, and preservation of New Jersey history. Grants are awarded to activities and organizations that achieve that objective. Successful proposals may do so through one or more of the following:

1. Broadening, deepening, and diversifying the audience for New Jersey history
2. Strengthening existing New Jersey history organizations or programs
3. Initiating new programming on New Jersey history
4. Increasing accessibility of historical resources to diverse communities

6. Preserving materials for the study of New Jersey history

Re-Grants

Priorities:

The Morris County Heritage Commission is interested in funding applications that increase access to Morris County history or expand upon the knowledge of New Jersey history. We are particularly interested in projects that:

- Newly interpret local history with an inclusive approach
- Document the history of groups and communities about which little has been written
- Preserve documents and artifacts threatened by poor or inadequate storage conditions
- Present Morris County history through innovative projects
- Assist Morris County history organizations with basic general operating support to increase public access to historic sites and programs
- Provide educational initiatives support for supplies and registration fees for New Jersey History Day

Nonprofit Organizations Eligible for CHPP/Re-grants:

Type of organization	Project	GOS
Historical Societies/ Historical Commissions	X	X
Preservation Groups/ Cemetery Preservation Groups	X	X
Historic Sites/Museums	X	X
Ethnic/Heritage/Fraternal Organizations	X	
Libraries	X	
Municipal Clerks, Parks, and Other Municipal Agencies	X	
Human Relations Groups	X

Veterans' Organizations	X	
Religious Institutions	X	

Organizations must be nonprofit (501-c.3) **or** be an entity of local government, based in Morris County and have an operating budget of less than \$100,000. * Only activities taking place in Morris County are eligible for funding. Organizations with the same Federal Tax ID number may apply for ONE GRANT ONLY. *If multiple applications are received from the same organization, all applications from that organization will be disqualified.*

*Organizations that apply to the NJHC GOS program, but are not funded, may apply to their county agency for GOS in the same grant year, even if their budget is more than \$100,000. This provision will enable a group denied NJHC funding to receive funding sooner, rather than waiting three years to apply again to the NJHC.

What organizations are not eligible for CHPP re-grants?

Organizations receiving General Operating Support (GOS) or Project Support funding directly from the New Jersey Historical Commission (NJHC) **are not eligible** to apply for county re-grant support in the same fiscal year. Organizations having an outstanding grant from the Commission older than one year are not eligible to apply.

Due to the recent New Jersey State Supreme Court decision in Freedom from Religion Foundation v. Morris County Board of Chosen Freeholders (A-71-16) (079277) argued on October 23, 2017, and decided on April 18, 2019, some applications may be reviewed by county counsel or in certain instances, state attorneys, to determine if the use of funds is prohibited by state and/or federal law.

County and State Funding – May my organization receive both?

- Organizations **may not** receive grants from both the Morris County Heritage Commission (MCHC) and the New Jersey Historical Commission in the same funding year.
- Organizations that applied to the NJHC GOS program, but were not funded, may apply to the MCHC CHPP/Re-Grant Program for funding. This provision will enable an organization denied NJHC funding to receive funding sooner, rather than waiting three years to apply again to the NJHC.

Project Grants are intended to assist organizations to provide for or improve the care and maintenance of collections, develop and produce public education programs, support educational initiatives, or support new research initiatives.

GOS Grants are intended to assist history organizations in meeting the costs associated with general operating expenses necessary to keep a historic site open to the public or to extend public visitation hours. General operating support proposals must demonstrate how the applicant will be able to continue and/or improve the level of service offered to visitors if funding is granted.

Project Grants may be used for the following:

- Historical exhibits.** Applications should include a list of themes, methods for research, objects to be displayed, and draft text for introductory panels and didactic labels.

Plans for making all research available to the public should be outlined. Site(s) to be researched for historic registers must be eligible for listing. These applications should include a Certificate of Eligibility from the State Historic Preservation Office.
- Publications.** Proposals for publications may include brochures, pamphlets, and exhibition catalogs. Applications must include the following to demonstrate that the proposed project will be completed within the grant period: 1) a draft of at least three-quarters of the publication – typed, double-spaced, with one inch margins and in Times New Roman 12-point font; 2) a detailed outline of each chapter or additional text; 3) a preliminary bibliography. Reprints of existing publications will be funded only if meritorious new material has been added, such as an index, updated information, and/or an introduction including recent historical perspectives.
- Professional archaeological investigations.** These must be accompanied by written permission from the site owner and a project plan from the archeologist or archeology firm.

Legal Compliance

Applicable Law

Grantees must comply with all applicable state and federal laws and will be required to agree to the same in their grant contract. Grantees shall maintain good standing with all state and federal filings, as required by law.

Americans with Disabilities Act (ADA)

The ADA law was enacted more than 20 years ago and applies to you! ADA is civil rights legislation. If you are not in compliance with the law, you are denying a person with a disability their civil rights. Historic sites are not exempt from ADA compliance. All grantees must be ADA compliant. All grant applications must include an ADA Accessibility Checklist for compliance with the Americans with Disabilities Act. Accessibility includes the physical space in which the program or operation occurs (whether owned, rented or free), programming, audience and audience development, marketing, sensitivity training for staff, and printed and online materials.

All printed and online materials must indicate ADA accessibility and list all special services the organization provides, accompanied by the appropriate universally accepted symbol(s). If the venue has limited access or is not completely ADA accessible, the organization must provide a phone number patrons may call to inquire about their specific needs and how they can be met.

Grant Evaluation Process

- 1.** All CHPP Re-Grant applications are reviewed by the Commission's staff for completeness and then forwarded to the Commission's independent CHPP Review Panel (Panel) for evaluation based upon the criteria and priorities stated in these Guidelines. The review panel is comprised of professionals with history backgrounds and experience in implementing history programs and projects and are not residents of Morris County. The Commission strives to select panelists with backgrounds that are representative by project type, demographics, etc. of the organizations whose applications they are going to review. The MCHC staff does not evaluate applications.
- 2.** The Panel meets to review and assign a score to each application based upon how well the applicant meets the criteria stated in these Guidelines. The Panel recommends specific award recommendations based upon the CHPP funds awarded to the MCHC by the New Jersey Historical Commission.
- 3.** The Panel's recommendations are subsequently reviewed and voted upon by the MCHC's Grant Committee and forwarded with recommendations to the full Commission. The Grant Committee's recommendations are then reviewed by all members of the Commission at the next monthly meeting and, upon approval, submitted to the Board of Chosen Freeholders for final approval. Upon final approval, the re-grant awards are incorporated into the MCHC's CHPP Grant contract with the New Jersey Historical Commission.
- 4.** All applicants will be notified of funding decisions no later than February 2020. Successful applicants will enter into a Grant Contract with the MCHC when the grant recipients are notified.

Compliance and Monitoring

1. Re-grantees receiving awards that differ from the amount originally requested must submit a revised project budget and plan (which will be included as part of a grant agreement) before award vouchers are prepared.
2. Funding will be disbursed in two payments: an initial eighty percent (80%) payment, and a final payment of twenty percent (20%).
 - a. The first payment will be forwarded to the recipient after the recipient's signed Grant Contract and voucher have been received by MCHC.
 - b. The Final Report includes a financial statement, attendance figures, and a narrative. The Final Report must show that the terms of the contract were completed in good form, and include complete documentation (receipts, canceled checks, etc.) for all organizational or project expenses. Photos/and or video are strongly encouraged. After receipt of an acceptable Final Report, the final payment of the remaining twenty percent (20%) of the award will be made.
 - c. Payments are subject to, and sent out by, the MCHC contingent upon receipt of funding from the NJHC.
3. The Morris County Heritage Commission and the New Jersey Historical Commission must be credited and the logos of each included in publications, promotional literature (posters, flyers, programs, etc.), media releases and online applications (websites, Facebook, etc.).

The following language must be used, in crediting the agencies for history grant funding:

This project was funded in part by (or General Operating Support was received through) the CHPP grant program from the New Jersey Historical Commission, a division of the Department of State, administered by the Morris County Heritage Commission on behalf of the Morris County Board of Chosen Freeholders.

4. Funding to recipients is based on the NJHC's funding of the MCHC. If the actual amount provided to the Commission by NJHC is less than originally awarded the MCHC will calculate the change in the amount awarded.
5. CHPP/History Re-grants are anticipated to be highly competitive. An award for the current year does not guarantee that an organization will continue to be funded in subsequent years, nor does it guarantee that the amount awarded will remain unchanged in subsequent years. Each year, new organizations apply for funding and the amount received from NJHC may change.
6. A site visit will be conducted for both GOS and project grant recipients at mid-point in the grant calendar.
