

Historic Structure Report & Preservation Plan Checklist

Revised: February 2018

Project Name: _____ HSR PP

This Checklist was compiled from *Historic Structure Reports & Preservation Plans: A Preparation Guide, Second Edition* published by the New Jersey Historic Preservation Office in November 2015 and adapted to meet the requirements of the Morris County Historic Preservation Trust Fund. The dark boxes (■) represent the minimum requirements for Historic Structure Reports (HSRs) and Preservation Plans (PPs). All other items with the lighter boxes (□) are optional, but might be appropriate depending on the nature of the proposed project. Please refer to the *Preparation Guide* for more complete description of each of the categories.

Please include the completed HSR / PP Checklist and Project Personnel sections with the Grant Application. The HSR / PP Checklist and Project Personnel sections should reflect the information that will be provided and the participating team members if the project is funded by the Morris County Historic Preservation Trust Fund. If funded, the completed Checklist will become the basis for the document review.

HSR / PP REVIEW SCHEDULE:

The Morris County Historic Preservation Trust Fund review process requires that all planning documents, including Historic Structure Reports, Preservation Plan, Historic Landscape Reports, etc. be a minimum of 50% complete prior to review. At 50% complete, preservation planning documents typically include historical development documentation, an analysis of existing conditions, an overriding treatment philosophy as well as general treatment approaches to provide a framework for review. At 75% complete, the specific treatment approach and associated preservation impact should be identified for recommended interventions of all materials and features (incorporating consultant recommendations as applicable), supporting information such as a code analysis and use modifications, and the treatment recommendations prioritized. Finally, a complete planning document must include all the information identified on the HSR / PP Checklist included with the grant application, meeting the standards of the *Historic Structure Reports & Preservation Plans: A Preparation Guide – Second Edition, 2015*.

Professional Consultants should anticipate a minimum of two reviews of HSRs and PPs by the Morris County Historic Preservation Trust Fund, typically at 75% and 100% completion, however all documents must be at least 50% complete prior to County reimbursement. The submission of all required information in a timely manner allows approvals as quickly as possible and minimizes the potential for delays associated with requests for additional information or clarification. The Program reserves a 30-day review period upon receipt for all document submissions.

For projects that have received funding from the Morris County Historic Preservation Trust Fund for the preparation of HSRs and PPs, the following deadlines must be met to be considered for additional grant funds for the funding request year:

- **By 7 January 75% Construction Documents must be delivered to Morris County for review.**
- **By 28 February 100% Construction Documents must be delivered to Morris County for review.**

All printed (or electronic with prior approval) submissions must be received by due dates. Projects failing to meet the submittal dates will not be considered for additional funding during that grant year.

Following completion of an HSR or PP, applicants are strongly encouraged to complete necessary construction documents prior to requesting funding for actual construction (refer to Professional Services Checklist Policy H-1 for additional information.) Some conservation related projects, such as the restoration of stained glass windows, are eligible for grant funding following the completion of a PP or HSR. Please contact the Trust Fund Coordinator to discuss the specific needs of your site.

Those projects for which HSRs and PPs were prepared without funding from Morris County Historic Preservation Trust Fund are welcome to submit their HSRs and PPs for a preliminary review prior to the Grant Application deadline. They may also submit completed HSRs and PPs with their Construction Document Grant Applications.

PART II. TREATMENT & USE

Treatment Philosophy

(1 to 3 pages)

HSR PP Amend

- Treatment philosophy(s) and boundaries as appropriate, including an appropriate period of significance for the resource
- Advantages and disadvantages of alternative treatments
- Statement of potential impacts of recommendation on the overall building and site
- Rationale for proposed treatment recommendation
- Substantiation for treatment philosophy
- Plans or elevations delineating boundaries of areas of treatment if more than one treatment is proposed

Use & Interpretation of the Resource

(1 to 10 pages)

HSR PP Amend

- Proposed and recommended use
- Impact of proposed use on historic fabric, systems, and the surrounding site, as applicable
- Reasoning for capital project
- Interpretive programs
- Ownership, stewards and interpretation

Code & Accessibility Review

HSR PP Amend

- Methodology of conducting evaluation and limits of area/issues of review
- Preliminary code and accessibility review
- Potential threat(s) to life-safety
- Recommendations and alternatives for improvement
- Impact of improvement recommendations
- Recommendations for variance(s)
- Recommendations for future research and evaluation

Property Treatment Recommendations

HSR PP Amend

- Recommended modifications for property with reference to existing conditions documentation
- Potential impact on historic context
- Acknowledgement of potential sub-grade resources as identified in development property history
- Acknowledgement of proposed areas of ground disturbance and potential impact on sub-grade features
- Site and landscape plans to describe intent as necessary

Architectural Treatment Recommendations

(Minimum of a paragraph per identified room or feature)

HSR PP Amend

- Recommended treatment
- Statement of potential impacts of recommendation on individual features, as applicable
- Supporting schematic drawings, floor plans or elevations to describe intent as necessary

Preservation Plan

Project Personnel

The Morris County Historic Preservation Trust Fund encourages the involvement of historic preservation professionals with demonstrated experience and expertise in the completion of all components of Historic Structures Reports and Preservation Plans who meet or exceed The Secretary of the Interior's Historic Preservation Professional Qualification Standards (available on the Morris County Historic Preservation Trust Fund web site) for their related discipline. In the space provided below, please list each of the firms and key personnel who will participate on the project team. (Attach additional sheets if necessary.) Please verify that the résumés of all key personnel are included with the application or attach as a supplement to this form. For any funded project, changes in key personnel are subject to review and approval by the Morris County Trust Fund prior to the individual's participation in the work.
