Steam Locomotive 4039

2011 \$89,500 Locomotive Restoration

Grant Recipient: Whippany Railway Museum

Location: Hanover Twp.

The Steam Locomotive 4039 was built in 1942 and converted to oil fired in 1966 by the American Locomotive Company. It represents the only existing locomotive to have spent nearly half its existence in Morris County. It is individually listed on the National and New Jersey Register of Historic Places.

The 2011 grant assisted with the restoration of boiler jacketing, tender bearings and wheel set, and locomotive cab.
