Description:

The Passaic River Coalition closed on this property in 2014. It is located to the southeast of East Garden Place, at the confluence of the Pompton and Pequannock Rivers, in Pequannock township. The property contains a mixture of lowland forests, old fields and forested wetlands. These features, along with the property's substantial river frontage and critical habitat, provide a scenic and recreational amenity. In 2016, the lands were transferred to Pequannock township for passive recreational use.
