AmerCom Corp. • Steve Spindler Cartography • Vertices, LLC

August 2006

CREDITS/ACKNOWLEDGEMENTS

The SRTS Plan for Wharton Borough was created throughout a planning process that involved several players, without whom, the project would not have survived past a mere idea. Continued cooperation among the following people will be essential in implementing a successful SRTS program in Wharton Borough.

TABLE of CONTENTS

Chapter 1: Introduction	1
Purpose	2
Methodology.....	2
Best Practices	5
Chapter 2: A SRTS Program for Wharton	8
Wharton at a Glance	8
Existing Conditions Summary	10
Parent and Student Surveys.....	26
Vision for SRTS in Wharton	29
Chapter 3: Recommendations for the Five E's:	30
Education	30
Assemblies/Guest Speakers	30
Neighborhood Working Groups	31
Walk/Bike Across America	31
Walking Math.....	31
Classroom Activities	31
Campus Walks	32
Walkability/Bikeability Assessments	32
Walking Education Programs.....	32
Encouragement	32
Media Campaign.....	32
Walk and Roll Days/Walking Wednesdays.....	33
Frequent Walker Cards/Rider Miles	33
Golden Sneaker Awards.....	34
Activity at Family Picnic.....	34
Walking School Bus or Cycle Train.....	34
Pace Cars	35
Bicycle and Pedestrian Safety Quiz Show.....	35
Walk to School Days/I-Walk	35
Proclamations/Resolutions.....	36
Enforcement	36
Sidewalk/Building/Property Maintenance Laws.....	36
Keep Kids Alive – Drive 25 Campaign	36
Pedestrian Sting Operations	37
School Safety Zones	37
Neighborhood Watch Programs.....	37
Speed Trailers.....	38
Law Enforcement Presence.....	38
Photo Enforcement	38

Borough of Wharton
Safe Routes to School Program Plan 2006

Engineering	39
General Recommendations.....	39
Concept 1: Identify and Enhance the School Route Network.....	41
Concept 2: School Gateway.....	47
Concept 3: Main Street Crossing Improvements	52
Off-Road Path Recommendations	52
Evaluation	54
Attitudinal and Travel Mode Surveys.....	54
Walkability/Bikeability Assessments	54
Bicycle vs. Automobile Counts	54
Number of Volunteers and/or Participants.....	55
Chapter 4: Implementation Strategies	56
Phasing and Costs	56
Events	58
Strategies.....	59

List of Figures

1. Attractors	12
2. Existing Conditions.....	14
3. Areas where Vehicles Tend to Speed	15
4. Crash Data from 7:00 am to 8:30 am	16
5. Crash Data from 3:00 am to 4:00 pm.....	17
6. Areas with High Truck Traffic	18
7. Sidewalk Inventory	19
8. Walkability Assessment	21
9. Bikeability Assessment.....	22
10. Time Radius Map	23
11. Good/Bad/Ugly Student Exercise.....	24
12. Concept 1A: School Crossings	43
13. Concept 1B: School Route Modifications	44
14. Baker Street Photo Simulation	46
15. Concept 1C: Long Term Improvements	48
16. Concept 2: School Gateway Area	49
17. Concept 2: School Gateway Details	50
18. Gateway Photo Simulation.....	51
19. Concept 3: Main Street Crossings	53
20. Implementation Timeline.....	61

APPENDICES

I.	Existing Conditions Analysis	I-1
