

Morris County Heritage Commission Historical Marker Application

*Please refer to the Heritage Commission's Historical Marker Policy before completing this form.
The chairperson of the municipality's official historical body must sign this application.*

Property name _____

Property address _____

Date or approximate date of construction _____

- Site visible from public way Site open to public
- Site **on** or **eligible** (circle one) for State or National Register of Historic Places
- Site is significant to the history of Morris County

Historic significance criteria: Circle A, B and/or C below as appropriate:

A – Site is associated with events that have made a significant contribution to broad patterns of our history

B – Site is associated with persons or groups whose lives were significant in our past.

C – The site embodies the distinctive characteristics of a type, period, or method of construction; or represents the work of a master; or possesses exceptional artistic value.

Summary of historic information – Attach on separate page a complete history with full citations.

Level of historic integrity – State whether the building is located on its original site and whether it retains the key exterior materials that date from the period of its historic significance. If the property has been altered, have historic materials and significant features been preserved?

Most important information to include on marker – Attach brief list on additional page.

MCHC will draft text and send to applicant for comments. Markers have space for approximately 35 words.
