ANNUAL REPORT

MORRIS COUNTY CONSTRUCTION BOARD OF APPEALS 2017 ANNUAL REPORT

The Morris County Construction Board of Appeals, established in 1977 by The Morris County Board of Chosen Freeholders, serves as a quasi-judicial body to hear appeals filed by property owners in Morris County from decisions, actions, or an inaction made by a municipal official relative to The State of New Jersey Uniform Construction Code, Uniform Fire Code, or, the Developer Escrow Law. These municipal officials may be the Construction Code Official, a Construction Subcode Official, a Uniform Fire Code Official, or other Municipal Professionals.

The Morris County Construction Board of Appeals consists of five regular members and five alternate members including two certified Fire Subcode officials. There are two special members assigned to the Board to hear cases involving municipal escrow fees. Membership and qualification of members are required by Uniform Construction Code Regulations 5:23 A-1.3 (a) and (b), and Board terms are four years. The volunteers who serve on the Morris County Construction Board of Appeals bring to the Board a diverse background and wealth of professional and personal experience. Board members are also required to attend training sessions sponsored by the NJ Department of Community Affairs. Members of the Board who are Licensed Inspectors, Subcode Officials or Construction Officials are required as a condition of their license to complete training in accordance with the NJ Department of Community Affairs regulations. The required training consists of both administrative topics and topics within the technical area of their licenses.

Hearings are held at the call of the Chair, usually on the fourth Thursday of each month, at 7:30 p.m. in the OIT Conference room, 30 Schuyler Place, 4th Floor, Morristown, New Jersey. Meetings are open to the public and are legally advertised in the Daily Record. Formal resolutions (decisions) prepared by the Board and the Board Counsel are approved by the Board members at the meeting following the hearing. The resolutions are filed with the NJ Department of Community Affairs, and the NJ Division of Fire Safety pursuant to State regulations. Copies are sent to the applicant, the municipality, and to their attorneys. Copies are also forwarded to the Board of Chosen Freeholders, the County Administrator, and County Counsel. Minutes of all hearings and resolutions adopted by the Board are kept in bound minute books as a public record as required by N.J.A.C. 5:23A-2.3.

Case files which have been heard or withdrawn, are disposed of in accordance with records management procedures as implemented by the State and the County. Access to records continues to be controlled in accordance with Morris County Policy and Procedure 4:4.01, Public Records.

Assistant County Counsel Randall W. Bush, Esq., advised the Board on legal matters in 2017. Mrs. Evelyn Tierney, Secretary to the Board, continues to support the Board as well as Mary Jeanne O'Grady who assists in the day-to-day activities and at the hearings when necessary. As the Board members typically carry a full time commitment in their primary occupation, Mrs. Tierney and Mrs. O'Grady keep the members and the Counsel to the Board apprised of new developments, schedules, and coordinates the hearings; generates and issues correspondence; and are the point persons for all external communication with Citizens, Municipal, County and State Government officials.

The Board performed its statutory obligations in 2017 with a complete complement of professionals. The Board composition consists of multiple layers of qualified personnel in all disciplines so the chances are minimal that an absence or conflict situation will affect the Board's ability to hear an appeal with competent, unbiased members in a timely manner.

The Board continues to communicate by email between Attorneys, Board Members, Secretary and Counsel as well as updating the following website with Board information and forms at www.planning.morriscountynj.gov./boards/construction/

The Board uses a digital recorder to record the hearings. This process provides high quality direct recording to media files. These files are more readily copied and transferred when requested for transcripts. The Board is a member of the International Code Council, which provides a discount in the purchase of ICC sponsored codes and allows Board Members who choose to participate in one or more code making forums to do so.

 4. If a regular member who is not in one of the qualification categories set forth in (b)1 through 5 above is absent, or if a regular member and an alternate member who are both in the same qualification category are absent and the appeal does not involve that qualification category, or if another regular member is present who meets the requirements of the same qualification category as does the regular member who is absent, the chairperson of the board shall determine which alternate member shall vote in the place of the absent regular member.
 5. Alternate members shall have the right to participate in all board deliberations, but shall not vote unless serving in the place of a regular member.
- (e) Each county construction board of appeals shall also include two special members, one of whom shall be a licensed professional engineer with municipal site improvement construction experience and one of whom shall be a builder. The special members shall be appointed for four-year terms and shall serve as additional members of the board only in cases involving appeals of municipal or municipal utilities authority or sewerage authority fees pursuant to P.L. 1995, c.54 or P.L. 1999, c.11.
1. Alternates may be appointed for the special members in the same manner, and subject to the same qualification requirements, as the special members.
- (f) Each regular, alternate or special member shall be qualified by experience or training to perform the duties of a member of the board. In the case of regular and alternate members, regardless of whether they are in one of the qualification categories set forth in (b)1 through 5 above, such qualification shall be no less than that which is required of a construction or subcode official under subsection 8b of the State Uniform Construction Code Act ([N.J.S.A. 52:27D-126](#), subsection b); provided, however, that board members shall not be required to hold construction code licensure.
- (g) Whenever a change to this chapter is made that affects the composition of construction boards of appeals, the appointing authority shall only implement the change when the term of any affected member(s) expires. This provision shall also apply in any case in which the adoption of this chapter affects the composition of a construction board of appeals.
- (h) The board chairperson shall annually provide the Office of Regulatory Affairs of the Division of Codes and Standards with a list of the names and addresses of the regular, alternate and special members of the board and of the board secretary and any other contact person. Such information shall be updated whenever a change occurs.

**New Jersey Administrative Code > TITLE 5. COMMUNITY AFFAIRS > CHAPTER 23A.
CONSTRUCTION BOARDS OF APPEALS > SUBCHAPTER 2. BOARD PROCEDURES****§ 5:23A-2.1 Hearing applications**

- (a) A person who is aggrieved by any ruling, action, notice, order or decision of a local enforcing agency that enforces either the State Uniform Construction Code or the Uniform Fire Code, including, without limitation, any refusal to grant an application or any failure or refusal to act upon an application, but not including any order requiring the taking of emergency measures pursuant to [N.J.A.C. 5:23-2.32\(b\)](#), may file an application for a hearing with the secretary of the construction board of appeals having jurisdiction.
1. Any such application shall be filed by the 15th day after receipt by the person of written notice of the ruling, action, order or notice complained of, or, in the case of inaction by a local enforcing agency, by the 15th day after the expiration of the period allowed for action by the local enforcing agency.
- (b) In cases arising under P.L. 1995, c.54 or P.L. 1999, c.11, an applicant for approval who is aggrieved by any charge to an escrow account or a deposit by any municipal or municipal utilities authority or sewerage authority professional or consultant, or the cost of the installation of improvements estimated by the municipal or municipal utilities authority or sewerage authority engineer, may file an appeal with the county construction board of appeals.
1. Any such appeal shall be filed within 45 days from receipt of the informational copy of the professional's voucher or the notice from the municipal or municipal utilities authority or sewerage authority engineer, as the case may be; provided, however, that if the professional has not supplied an applicant with an informational copy of the voucher, any appeal shall be filed within 60 days of receipt of the municipal statement of activity against the deposit or escrow account.
 2. An applicant may file an appeal regarding an ongoing series of charges by a professional during a period not exceeding six months to demonstrate that they represent a pattern of excessive or inaccurate charges; such charges need not be appealed individually.
- (c) The appeal shall be in writing and shall briefly set forth the appellant's position. It shall include the name and address of the applicant, the address of the building or site in question, and the permit number (if applicable), and shall reference the specific provision(s) of a statute or rule upon which the applicant is relying and set forth the extent and nature of the applicant's reliance upon such provision(s). The applicant may append to the written application any data or information that he or she may deem appropriate. In the case of an appeal arising under P.L. 1999, c.11, the applicant shall include a statement specifically outlining the dates, time and personnel in dispute.
1. Upon receipt of a copy of the application for a hearing, the enforcing agency (or, in the case of an appeal under P.L. 1995, c.54 or P.L. 1999, c.11, the municipality, the municipal utilities authority or sewerage authority, the approving authority and/or professional) shall provide the construction board of appeals with a copy of the full record of the application below, including a detailed explanation of the reasons for denial of the applicant's request.
- (d) Simultaneously with the filing of any application for a hearing, the person filing the application shall provide a copy thereof to the local enforcing agency or, in the case of an appeal under P.L. 1995, c.54 or P.L. 1999, c.11, to the municipality or municipal utilities authority or sewerage authority, the approving authority

- (e)** The application shall be accompanied by a fee in the sum of \$ 50.00, or such other fee not exceeding \$ 100.00 as may be established by the county or municipal governing body having jurisdiction over the board or by interlocal agreement, as the case may be. An application shall not be considered complete unless accompanied by the fee; provided, however, that the fee shall be waived where the application is based upon the failure of an enforcing agency to act within a required time frame.

***New Jersey Administrative Code > TITLE 5. COMMUNITY AFFAIRS > CHAPTER 23A.
CONSTRUCTION BOARDS OF APPEALS > SUBCHAPTER 2. BOARD PROCEDURES*****§ 5:23A-2.2 Hearing procedures**

- (a) All parties to any dispute shall be accorded full opportunity to address the construction board of appeals, present testimony and examine and cross-examine witnesses, consistent with reasonable rules of procedure and due process. All testimony shall be under oath or affirmation. Parties shall be allowed to appear through legal counsel or public or corporate officers. Construction, subcode and fire officials may appear and testify on behalf of their local enforcing agencies.
- (b) A quorum of the board for cases arising under the State Uniform Construction Code Act or the Uniform Fire Safety Act shall consist of three regular and/or alternate members. A quorum of the board for cases arising under P.L. 1995, c.54 or P.L. 1999, c.11 shall consist of four regular and/or alternate and/or special members.
- (c) Except as otherwise provided in (d) below, when there are not five regular and/or alternate members present to consider an appeal, or if five regular and/or alternate members are present but a code discipline that is involved in a construction code case is not represented, or if no regular or alternate member who is certified as a fire official is present to hear a fire code case, or if either of the special members, or an alternate meeting the same qualifications requirement, is not present in a case arising under P.L. 1995, c.54 or P.L. 1999, c.11, either party shall be entitled to have the hearing adjourned. If neither party requests an adjournment, the case may be heard by the board if a quorum is present.
 - 1. In a case involving the elevator safety subcode, a party shall only have a right to an adjournment due to the absence of a board member having elevator subcode qualification if there is at least one regular or alternate member of the board who has such qualification.
- (d) No adjournment shall be granted without the consent of the local enforcing agency having jurisdiction in any case involving issues of life safety in an occupied building. If, in any such case, a quorum is not present, or a quorum is present but does not include either a representative of any construction code discipline that is required to be represented on the board and is involved in the case or a certified fire official, as the case may be, the case shall not be heard and the appeal shall be deemed to have been denied.
- (e) At the beginning of each hearing, the chairperson, or the person presiding in his or her absence, shall state for the record the statute under which the appeal is being brought, the nature and date of the action appealed from, the date the appeal was filed and the basis of the appeal. Thereafter, the matter shall proceed with the representative of the municipality or the professional hired by the municipality or municipal agency, as the case may be, explaining the basis for the action, ruling, order, notice or fee, as the case may be. The appellant, or his or her representative, shall then present the basis for his or her disagreement.
 - 1. Both parties shall be allowed to present witnesses and offer evidence and to examine and cross-examine witnesses, consistent with principles of due process and fairness. Motions and objections may be filed in writing without the necessity of an appearance by the party, but written testimony not subject to cross-examination shall not be allowed; provided, however, that any writings that would be

N.J.A.C. 5:23A

admissible in a court of law shall not be deemed to be included within the prohibition of "written testimony." Any board member may question any witness at the conclusion of that witness' questioning by the parties.

2. By having filed an appeal, a party shall be deemed to have consented to the entry upon the site of members and staff of the board. Any member who has visited a site subsequent to the filing of the appeal shall disclose that fact on the record prior to a party's presentation and shall be subject to questions from either party or any board member pertaining to the visit. A board member shall not, during the course of any such visit, engage in any discussion of issues involved in the case, and shall give a full account of any conversations that do take place in the course of any such visit as part of the disclosure of having visited the site.
 3. Neither the board nor any individual member shall discuss any case with either party, including the representative of a party, without the other party, or the representative of the other party, being present; provided, however, that this prohibition shall not apply to statements made on the record in a hearing of which the other party was given notice and the opportunity to participate.
- (f) In all cases, the board shall have the power to administer oaths and to issue subpoenas to compel the attendance of witnesses and the production of relevant evidence. The provisions of the "County and Municipal Investigations Law," P.L. 1953, c.38 (N.J.S.A. 2A:67A-1 et seq.) shall apply.

**New Jersey Administrative Code > TITLE 5. COMMUNITY AFFAIRS > CHAPTER 23A.
CONSTRUCTION BOARDS OF APPEALS > SUBCHAPTER 2. BOARD PROCEDURES****§ 5:23A-2.3 Board decisions**

- (a) Except as otherwise provided in (b) below, the construction board of appeals shall hear any appeal, render a decision thereon, and file its decision with a statement of the reasons therefore with the enforcing agency or, in the case of a matter arising under P.L. 1995, c.54 or P.L. 1999, c.11, with the municipality or approving authority or municipal utilities authority or sewerage authority, not later than 10 business days following submission of the appeal. In any case involving an appeal from an action, decision, notice or order of a local enforcing agency, the decision shall either affirm, reverse or modify the action, decision, notice or order of the enforcing agency or remand the matter to the enforcing agency for further action. In the case of any reversal, modification or remand, the board shall include in its statement of reasons the specific details of the nature and extent of the board's disagreement with the enforcing agency.
1. The board shall provide copies of the decision, by certified or registered mail, to the applicant and to any other parties entitled to notice pursuant to [N.J.A.C. 5:23A-2.1\(c\)](#).
 2. Copies of decisions shall be filed with the Department of Community Affairs within 10 business days of the issuance of the decision as follows:
 - i. In cases arising under the State Uniform Construction Code Act or under P.L. 1995, c.54 or P.L. 1999, c.11, with the Office of Regulatory Affairs of the Division of Codes and Standards; and
 - ii. In cases arising under the Uniform Fire Safety Act, with the Division of Fire Safety.
 3. Copies of all board decisions shall be deemed to be public records and shall be available for public inspection at the offices of both the board and of any local enforcing agency or other governmental agency that is a party to a case.
- (b) With the consent of the applicant, the period of time for the board to issue its decision may be extended beyond 10 business days; provided, however, that in any case involving issues affecting life safety in an occupied building, any such extension shall also require the consent of the local enforcing agency.
1. In any case involving the appeal of a fire code imminent hazard order issued pursuant to [N.J.S.A. 52:27D-208](#), the hearing shall be held, and the decision issued, within 48 hours of the receipt by the board of the request; provided, however, that if the hearing is not scheduled to be held within that 48 hour period, the board secretary shall promptly so notify the applicant so that he or she may apply to the Department for an administrative hearing, as provided in N.J.S.A. 52:27D-208.
- (c) Failure by the board to hear an appeal and render and file a decision thereon within the time limits prescribed in this section shall be deemed to be a denial of the appeal.
- (d) Any party, including any enforcing agency, may appeal from a decision of a construction board of appeals to the Law Division of the Superior Court within the time allowed by the rules of court.
1. The local enforcing agency shall immediately comply with the ruling of the construction board of appeals unless a stay is obtained either from the board or from the Superior Court.

N.J.A.C. 5:23A

- (e) In all cases, decisions shall be based upon applicable statutory, rule and code provisions and upon the evidence presented and accepted by the board.
1. Decisions shall be consistent with the intent of the applicable statutes and rules. In matters arising under the State Uniform Construction Code Act, the board shall be bound by interpretations and bulletins issued by the Department of Community Affairs pursuant to [N.J.A.C. 5:23-3.9](#). Copies of all such interpretations and bulletins shall be provided to all boards and enforcing agencies by the Department.
- (f) The failure of a party to appear or to present evidence shall not result automatically in a decision in favor of the other party.
- (g) The board may reduce a penalty that is under appeal if it is clearly excessive or may void it if it is found not to be authorized by statute or by rule. The board shall specifically explain its reasoning in any case in which it reduces a penalty that is already below the maximum permitted and shall explain why the reduction is not likely to impede the deterrence of future violations. In determining whether to reduce a penalty, the board shall consider the extra costs required of the local enforcing agency due to the actions or inaction of the appellant regarding compliance. A valid penalty shall not be totally abated if the local enforcing agency demonstrates the lack of a good faith compliance effort on the part of the applicant prior to the imposition of the penalty.
1. A penalty may not be reduced except to the extent that it is clearly excessive. Any determination as to whether a penalty is excessive shall take into account the maximum amount of penalty that might have been imposed for the particular violation. No reduction in the amount of a penalty may be made final unless the violation either has been abated by the time of the hearing or shall have been abated within 30 days thereafter.
 2. On an appeal of a penalty, the penalty as originally assessed by the enforcing agency, unless unauthorized by statute or by rule, shall be automatically reinstated if the violation remains unabated after 30 days following receipt by the applicant of the decision, unless an extension of time for abatement of the violation has been granted by the enforcing agency. The board shall inform the appellant of these facts.
 3. On an appeal of a penalty, the appellant may not offer argument that the violation(s) for which the penalty was issued did not exist, and the board shall accept the existence of the violation(s) as having been proven, provided that a notice of the underlying violation has been served and either no timely appeal was filed or the violation notice was sustained on appeal.
- (h) On an appeal from a failure or refusal to issue a permit, the board may deny the appeal and return the matter to the enforcing agency for appropriate action or may direct the enforcing agency to grant the permit if the appellant is so entitled in accordance with the code. If the board determines to direct that the permit be granted, the enforcing agency shall provide the board with any recommendations that it may have as to conditions or limitations. The board shall either direct that these conditions or limitations be included or provide specific reasons for not doing so.
- (i) On an appeal relating to a variation or variance, as the case may be, the board may grant the variation or variance and shall impose such conditions as may be appropriate to comply with the intent and purpose of the applicable code. No variation or variance shall be granted absent proof that the applicant submitted the necessary application to the local enforcing agency and either the application was denied or no action was taken within the time allowed by the applicable rule (20 business days in Uniform Construction Code cases and 30 days in Uniform Fire Code cases).
1. In Uniform Construction Code cases, the board shall be bound by the provisions of [N.J.A.C. 5:23-2.9](#).
 2. In Uniform Fire Code cases, the board shall be bound by the provisions of [N.J.A.C. 5:70-2.14](#).
- (j) A written decision shall contain the following:

N.J.A.C. 5:23A

1. A statement of the date the appellant received the notice, order, decision, informational copy of a voucher or municipal statement of activity against a deposit or escrow account being appealed, the date the appeal was filed, the appearances or absences of the parties and the board members participating;
2. A statement of pertinent facts, as follows:
 - i. In a Uniform Construction Code or Uniform Fire Code case, the statement shall include the type of use, the nature of the violation cited and of the action appealed, the basis of the appeal and the basis for the notice, order or decision. A copy of the local enforcing agency's notice, order or decision shall be appended to the decision, unless to do so would be unduly burdensome, in which case the omission shall be explained.
 - ii. In a P.L. 1995, c.54 or P.L. 1999, c.11 case, the statement shall include the nature of the service rendered to the municipality, municipal utilities authority or sewerage authority, the identification of the approving authority, the identification of the professional who rendered the service, the amount of time spent by the professional or other persons in rendering the service, the amount charged for the service, the amount of that charge that is in dispute and the basis of the dispute. A copy of the professional's voucher or the municipal or municipal utilities authority or sewerage authority statement of activity against the deposit or escrow account, whichever is applicable, shall be appended to the decision.
3. A statement of the names and areas of expertise of any expert witnesses, the party on behalf of which each expert witness testified and whether any materials not in the record were used by the expert witness. If so, the decision shall include copies or descriptions of such materials.
4. In any case involving a penalty, the board shall state the maximum permissible penalty applicable and explain the reason for any reduction.
5. The decision shall include the board's analysis of the case, including its understanding of the code provisions or other provisions of law applicable to the case.
 - i. If, in a Uniform Construction Code or Uniform Fire Code case, the board determines to reverse or modify the action taken by a local enforcing agency, or to direct that action be taken by a local enforcing agency, it shall provide a specific and detailed explanation of the basis for its action, including reference to any technical code provisions relied upon.
 - ii. In any case arising under P.L. 1995, c.54 or P.L. 1999, c.11, the board shall provide a specific and detailed explanation of its basis for a determination that a disputed charge either is or is not valid and of its basis for any modification of any charge.
6. There shall be a statement of disposition containing the board's determination.

MORRIS COUNTY CONSTRUCTION BOARD OF APPEALS

RULES OF PROCEDURES

BOARD RULES REGARDING FILING OF APPEALS

Appeals will be considered to be complete when a completed UCC form or similar facsimile thereof is received by the Secretary of the Board with the \$100 filing fee (the fee is waived for failure to act on application for permit N.J.A.C.5:23A-2.1(e)). The appeal document must clearly indicate the action, which aggrieved the appellant. The appellant should provide copies of all pertinent documents to support the appeal.

Pursuant to N.J.A.C. 5:23A-2.2(a) “Hearing procedures”

All parties to any dispute shall be accorded full opportunity to address the construction board of appeals, present testimony and examine and cross-examine witnesses, consistent with reasonable rules or procedures and due process. All testimony shall be under oath or affirmation. Parties shall be allowed to appear through legal counsel or public or corporate officers. Construction, subcode and fire officials may appear and testify on behalf of their local enforcing agencies.

In the event of an appeal filed by the contractor or agent and where the outcome of the appeal may require changes to the structure, systems or components, the entity filing the appeal shall, in the absence of the Owner of Record, provide proof, satisfactory to the Board, that the contractor or agent will be allowed access to the property or structure to implement any corrective action or repairs. In the case of a Request for Variation, the Contractor shall provide proof that the Owner of Record is in concurrence with the requested variation.

Proof of Service if not on the documents submitted shall be provided by the Local Enforcing Agency with a full copy of the file documents from the Municipality. **For PL 1995 appeals**, the Municipality must forward to the Board a copy of the full record of the application (N.J.A.C.5:23A-2.1c (1)).

Ten (10) sets of copies to be used at the hearing should be submitted to the Board within seven days prior to the hearing.

All documents submitted to the board by either party must be copied to the adversarial party. (N.J.A.C.5:23A-2.1(d)).

All documents submitted shall be in hard copy form, legible, and capable of additional reproduction in standard office equipment. Partial plans and other incomplete documents will not be accepted for use at the hearing.

BOARD RULES REGARDING SCHEDULING OF APPEALS AND ADJOURNMENTS

Appeals are required to be heard by the Board within ten (10) business days.

In general the Board has established a schedule of regular meetings held on a monthly basis to hear appeals. The appellant may sign a waiver to permit the hearing to be scheduled beyond the ten day period at a regularly scheduled meeting of the Board. Unless the waiver is granted, the hearing before the Board will be held on a “hear or dismiss” basis within the ten day period.

Appeals involving the Uniform Construction Code (UCC) may be adjourned on the request of the Appellant for good reason, provided that there is not a life safety issue involving an occupied building with the outstanding violation notice. The Board may request the Local Enforcing Agency to concur on the request.

Appeals involving the Uniform Fire Code (UFC) may be adjourned on the request of the Appellant, for good reason, but only with the written concurrence of the Local Enforcing Agency.

In the case of an extended stay in a life safety or other matter posing a significant risk to the occupants, employees, visitors or public in general, the LEA may be requested to initiate an analysis that the continued operation or occupancy with the cited violations outstanding does not constitute an unreviewed safety question.

Cases will be heard or dismissed at the third hearing scheduled by the Board to hear the appeal (second request to reschedule the appeal) unless extenuating circumstances can be demonstrated to the Board, or if for any reason the Board is unable to convene a forum of five members. The Board may require an appearance by the parties to address any such requests at the Boards discretion.

In general, scheduling and notification of hearings will be by formal communication however where extenuating circumstances exist, telephone and facsimile may be used to notify board members and persons involved in appeals provided that at least 48 hours’ notice is given (N.J.A.C.5:23A-1.5(a)1).

Appeals will be scheduled in the order that they had been submitted, except in cases where an imminent hazard exists. **Imminent hazard cases are heard as a priority,** and the Board may schedule a special hearing to decide the case promptly.

The Board reserves the right to adjust the hearing schedule at the meeting to accommodate special needs.

BOARD RULES REGARDING WITHDRAWN CASES AND FEES

Appeals should be withdrawn prior to 1:00 PM the day of the hearing. Failure to do so may require the parties to put an appearance on the record as scheduled.

The Board will only acknowledge a request to withdraw an appeal from the Appellant, authorized agent or Counsel for the Appellant.

CONDUCT OF HEARING

5:23A — 2.2 Hearing Procedures

The hearing will begin with the Chairperson making opening remarks regarding:

Statue under which the appeal is being brought

The nature of the appeal

The date of the action appealed from

The basis of the appeal

The Chairperson may request motions from the parties to the appeal regarding timeliness of the filing if it is unclear that the appeal was filed within the time limits prescribed by the regulations.

The Chairperson will request an affirmation from the parties to the appeal that the matter is not being addressed in any other forum or jurisdiction.

Municipal Enforcing Agency and **Appellant** will present all witnesses who may give evidence at the hearing. Witnesses to be sworn in.

Opening Statement: Representative of the enforcing agency, the municipality, or the professional hired by the municipality or municipal agency, shall explain the basis for the action, ruling, order, notice or fee.

Appellant will present closing argument. Since Board has just heard the case, this is intended to highlight areas and may be waived.

There will be open discussion by the Board. In general the parties will not be allowed to provide additional testimony, comments or discussion regarding the Board's discussion, except for extenuating cases where the Board seeks additional information.

The Board will by motion, approved by a majority of the quorum, decide to uphold, modify, or reverse the action by the municipal official or provide any other decision as permitted by the regulations.

All questions concerning the presentation of evidence will be ruled upon by the chair. Evidence will be liberally construed; however, all evidence must be relevant. Hearsay evidence will not be admitted nor will documents unique to the appeal unless the authority who prepared the document is presented and sworn in as a witness.

Robert's Rules of Order will control the procedures. The Board's attorney will advise the Board or the chair on any legal procedures and is to render advice to the Board and to the chair and is not available to give advice to either appellant or the respondent on procedures.

The Board will draft a resolution to be voted upon at the next meeting when sufficient members are present to act on the resolution.

The Board's attorney may prepare the resolution as directed by the Board. In the event that the Board prepares the resolution, the Board's Attorney shall review and advise the Board of the adequacy of the resolution prior to the Board's adoption of same.

The Board's attorney shall, in his discretion, defend or prosecute any litigation, which may occur after a meeting of the Board and prior to the next meeting of the Board.

All applicable federal and state statutes and administrative code provisions shall govern the Board's action. This Rules of Procedure embrace the regulations that govern the Board's, and add local rules as required by the Board. In the case of conflicts, the Regulations take precedence over local rules.

The Board shall comply with N.J.S.A 10:4-8 (Open Public Meeting Act) and N.J.A.C 5:23A as well as all other applicable statutes when setting meeting dates.

The Board reserves the right to relax any of these rules as deemed appropriate.
