

## **Instructions for Wastewater Management Plan Amendments/Revisions**

On November 7, 2016, the new Water Quality Management Plan (WQMP) rules were adopted. This rule adoption allows wastewater management plans (WMPs) to be amended without the completion of a WMP Municipal Chapter or a complete county-wide WMP.

Applicants may request a pre-application meeting if they have questions or need clarification or they can submit the WMP application directly without one. Information on coordinating with the Office of Permitting and Project Navigation can be found here: <https://www.nj.gov/dep/pcer/>

Submit the application concurrently to the NJDEP and the County of Morris Office of Planning and Preservation. The NJDEP has gone to an all-digital submission process. Applications for WQMP amendments and revisions need to go through the NJDEP portal. For information on how to submit through the NJDEP portal: <https://www.nj.gov/dep/wqmp/applications.html>

Link directly to NJDEPs portal: <https://www.njdeponline.com/>

Please email a digital version of the entire application to Morris County to: [vmichelin@co.morris.nj.us](mailto:vmichelin@co.morris.nj.us) and mail one paper copy to:

Morris County Office of Planning and Preservation  
Attn: Wastewater Management Plan Amendment/Revision  
P.O. Box 900  
Morristown, NJ 07963-0900

In addition, for projects that are in the Sussex County WQMP area, please contact Autumn Sylvester at Sussex County –Division of Planning for the Sussex County WQMP requirements. She can be reached at (973) 579-0500 or [asylvester@sussex.nj.us](mailto:asylvester@sussex.nj.us) . For projects in Morris County that are in the Sussex County WQMP area, they are subject to Sussex County and Morris County review procedures.
