Hanover Meadows Expansion

Submitted by: **Hanover Twp.**

Type of Acquisition: ☒ Fee Simple
☐ Conservation Easement

Acres To Be Acquired: **30.32**

Grant Amount: **\$42,500**

Description:

Located off Valley Forge Drive, adjacent to Morristown Municipal Airport, these properties are sandwiched between lands owned and protected by the New Jersey Natural Lands Trust and township parkland. These two tracts are located within the Black Meadows, a complex system of wetlands within the Central Passaic Basin. They provide a refuge for wildlife and habitat for threatened and endangered species. Their acquisition provides a critical connection of the preserved lands in this region.
