

Morris County Preservation Trust Recommended Open Space Projects for 2008

Kokora II

Submitted by: Boonton Twp.

Type of Acquisition: Acquisition in Fee Simple

Grant Amount: \$1,000,000

Description:

Located on Valley Road, this acquisition of 8.2 acres is strategically located across the street from Leonard Park and the Rockaway Valley School. The Township received a \$630,000 County Open Space grant last year for the preservation of part of the property, and is now purchasing the entire project. These properties serve as a critical first step in providing a pedestrian connector between the Rockaway Valley School and the Rockaway Valley Airdrome Athletic Fields located further north.
