Landing Recreation Project

Submitted by: Roxbury Twp.

Type of Acquisition: Acquisition in Fee Simple

Grant Amount: \$400,000

Description:

Located off Landing Road just north of Route 80, this tract of approximately 15.9 acres is currently vacant. The township proposes to develop the property with active recreation facilities including a playground, multi-purpose fields, and a pathway that can be utilized for walking, biking and jogging. The acquisition fulfills a need for recreation facilities in the Landing and Shore Hills sections of the township. The township envisions this property being a complex similar to Horseshoe Lake.
