Larison's Woods

Submitted by: Chester Borough

Type of Acquisition: ☒ Fee Simple
☐ Conservation Easement

Acres To Be Acquired: 50

Grant Amount: \$2,000,000

Description:

Located at the corner of Routes 206 and 24, the town will acquire the rear portion of the former Larison's Turkey Farm property, approximately 50 acres. The woodland site will be used for passive open space with a small portion possibly being used for active recreation. While not directly connected with Chubb Park to the west, the land will create a greenbelt along the northwestern portion of the borough and provide an expansion of the open space in neighboring Chester Township.
