Recommended Open Space Projects for 2005

## Mountain Ridge - Seneca

Submitted by: Denville Twp.

Type of Acquisition: ☒ Fee Simple  
☐ Conservation Easement

Acres To Be Acquired: 4.20

Grant Amount: \$375,000

### Description:

This hillside property is located off Mountain Road, just east of Franklin Road, in the densely populated Indian Lake section of the township. The forested tract contains steep slopes and lies directly adjacent to the township's Lakeshore Natural Resource Area lands, which were previously purchased with the assistance of county open space funding. The environmental constraints make this land suitable for passive recreation.
