

**Morris County Preservation Trust
Recommended Open Space Projects for 2005**

Trawinski Tract

Submitted by: Passaic River Coalition

Type of Acquisition: ☒ Fee Simple
☐ Conservation Easement

Acres To Be Acquired: 12.20

Grant Amount: \$700,000

Description:

This property is located off Kiel and Jericho Avenues, just east of Route 23. The Pequannock River, which forms the border with Passaic County, lies just north of the site. The 12.2-acre forested property provides further protection to this Category 1 trout production waterway, and furthers acquisition efforts by the Passaic River Coalition in their Pequannock River Greenway project. It is adjacent to the Butler Raceway, which formerly received a county open space grant. This acquisition would allow the expansion of open space holdings in this region.
