☐ Conservation Easement

Acres To Be Acquired: 23.98

Grant Amount: \$500,000

Description:

Located north of Emmans Road, this acquisition of approximately 24 acres of the Swim & Sport Club will enable the protection of lands for both passive and active recreation. Part of the acquisition consists of existing athletic fields which would help alleviate the demand for active recreation facilities in the Township. The forested lands located south of the High Bridge Branch Railroad can be utilized to form a link between Veteran's Park and Emmans Greenway.
