NOTE: Data for Cape May, Salem and Warren Counties not displayed because the number of sample cases is too small.

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error, which may be relatively large for smaller geographies and population sub-groups. In addition to sampling variability, the ACS estimates are subject to nonsampling error.

For information on ACS methodology, see: <https://www.census.gov/programs-surveys/acs/methodology.html>

For information on Accuracy of Data, see: <https://www.census.gov/programs-surveys/acs/technical-documentation/code-lists.html>
