St. Mark's Episcopal Church

2016 \$29,600 Preservation Plan

Grant Recipient: St. Mark's Episcopal Church

Location: Mendham Boro.

The design of St. Mark's Episcopal Church, built in 1872, was adapted from Richard Upjohn's plan for the former Grace Episcopal Church of Jersey City. The building contributes to the Mendham Historic District, listed on the Historic Registers.

The 2016 grant completed a Preservation Plan including stained glass windows assessment and archaeological investigations.
