Morris Canal Plane 1 East

2021 \$60,000 Master Plan

Grant Recipient: Roxbury Township

Location: Roxbury Twp.

The c.1825-1831 inclined plane was the first incline plane east of Lake Hopatcong along the historic Morris Canal, located in the area of Shippenport, which also contained two water-powered mills and iron forge. The inclined plane had a 50-foot change in elevation. Incline Plane 1 East is contributing to the Morris Canal National and NJ Register Districts.

The 2021 grant will assist with completion of a Historic Site Master Plan.
